1 Introduction

- (1) Welcome to Affinity Water Limited's **wholesale tariff document 2020/21** referred to in the *Wholesale-Retail Code* issued by **OFWAT** under Sections 66DA and 117F of the Water Industry Act 1991.
- (2) This **wholesale tariff document** is made in accordance with the *Wholesale-Retail Code* and with the Wholesale Charging Rules issued by **OFWAT** on 16 October 2018 under Sections 66E and 117I of the Water Industry Act 1991. It contains our Wholesale Charges Schedule.
- (3) Our Wholesale Charges Schedule sets out **our Wholesale Charges** including *Primary Charges* and *Non-Primary Charges* for the supply of *Water Services* to *Water Retailers* for the period from 1 April 2020 to 31 March 2021.

2 Contact Information

- (1) If **you** wish to contact **us** in relation to any service referred to in this **wholesale tariff document you** should contact **our** Wholesale Operations Service Desk as follows:

Wholesale Operations Service Desk	
Address	Affinity Water Limited Tamblin Way Hatfield Hertfordshire AL10 9EZ
Telephone	0345 350 3677
E-mail	wosd@affinitywater.co.uk
Web	www.affinitywater.co.uk/wholesale-contact-us

- (2) Any other enquiries about this **wholesale tariff document** should be addressed to the Company Secretary, Affinity Water Limited, Tamblin Way, Hatfield, Hertfordshire, AL10 9EZ.

3 Our Water Supply Area

- (1) **Our** water supply area is defined in **our instrument of appointment** and comprises three discrete regions in the south east of England shown on the map below.

- (2) **We** have published on **our** website an ordnance survey map showing the boundary line of the area served by **our** network. **You** can access this on our [website](#)
- (3) **You** can also request a more detailed map of a specific area by contacting **us** or by using **our** postcode checker facility on **our** [website](#)

4 Definitions and interpretation

- (1) In this **wholesale tariff document** the following words have the meanings given below. Other defined terms as expressed in *italics* are as defined in Part 1, Part B of the *Wholesale Retail Code*.

Term	Meaning
1991 Act	Water Industry Act 1991 (as amended)
abortive visit charge	A charge which you will incur if you cancel an activity with less than 24 hours' notice or we are unable to complete the activity due to your acts or omissions or due to the acts or omissions of your customers.
activity	An activity carried out by us to deliver <i>Water Services</i> and which is listed in the wholesale charges schedule .
aggregated volume	Where there is more than one metered supply to eligible premises the total volume of water supplied to the eligible premises through all the supply points (the aggregated volume).
assessed charge	A non-metered charge used as an alternative to the rateable value charge as explained in section 5 of this wholesale tariff document .
eligible premises	Premises that could be supplied with water by a water supply licensee with a retail or restricted retail authorisation.
instrument of appointment	The written instrument (as varied from time to time) appointing the Company as the water undertaker for the areas described and subject to the conditions set out in the instrument, under what is now Section 6 of the 1991 Act .
metered charges	Charges for services that are based wholly or partly on measured quantities of volume.
non-metered charges	Charges for services that are not based on measured quantities of volume to any extent.
notional rateable value charge	A charge fixed wholly or partly by reference to a rating valuation list or otherwise determined, whether directly or indirectly, by reference to any value or other amount specified at any time in such a list or which purports to be so fixed or determined.
notional rateable value	The value determined by us in respect of any premises in place of any value included in a rating valuation list .
OFWAT	The Water Services Regulation Authority.
out of hours surcharge	A charge which you will incur if you request us to carry out (and we agree to carry out) an activity outside our working hours . This charge will be payable <u>in addition</u> to the standard charge for the relevant activity .
process number	The reference (comprising a letter and a number) used in the <i>Operational Terms</i> to identify a particular process for the carrying out of an operation activity necessary for the <i>Wholesaler's</i> provision of <i>Water Services</i> to the <i>Water Retailer</i> .

Term	Meaning
rating valuation list	A list which is or has at any time been maintained, for the purposes of rating, under section 41 of the Local Government Finance Act 1988, section 67 of the General Rate Act 1967 or any other enactment.
relevant party	A <i>Service Provider</i> liable for meter reading charges in accordance with Part 4.8 of the <i>Business Terms</i> and pursuant to Section 205 of the 1991 Act .
special agreement	An agreement to which section 142(2)(b) of the 1991 Act applies
standing time	Time spent by us on site during periods where a process or action is required to take place before we can commence or continue with the activity
supply pipe	Any part of a service pipe which we or any other water undertaker could not be required to lay under section 46 of the 1991 Act .
water fittings regulations	The Water (Fittings) Regulations 1999
we/us/our	Affinity Water Limited.
wholesale charges schedule	The schedule of <i>Primary Charges</i> found in section 7 of this wholesale tariff document together with the schedule of <i>Non-Primary Charges</i> found in section 8 of this wholesale tariff document .
working hours	Work, service or activities carried out between 08:00 and 16:00 Monday to Friday Including travel to and from site. Excluding Saturdays, Sundays and public holidays.
you/your	The <i>Contracting Retailer</i> .

- (2) If not defined above words and expressions used in this **wholesale tariff document** shall have the meanings given in the **1991 Act**. References to the **1991 Act** or to any other Act or regulations shall include its or their amendment or replacement.
- (3) Except where the context otherwise requires, words in the singular include the plural and words in the plural include the singular.
- (4) This **wholesale tariff document** should be read and construed in conjunction with the relevant parts of the *Wholesale-Retail Code* and the **1991 Act** (and any regulations made thereunder) where appropriate.
- (5) If any court or competent authority finds that any provision of this **wholesale tariff document** (or part of any provision) is invalid, illegal or unenforceable, that provision or part-provision is, to the extent required, to be deemed to be deleted, and the validity and enforceability of the other provisions of this **wholesale tariff document** is not to be affected.
- (6) If any invalid, unenforceable or illegal provision of this would be valid, enforceable and legal if some part of it were deleted, the provision shall apply with the minimum modification necessary to make it legal, valid and enforceable.

5 Primary Wholesale Charges

5.1 Overview

- (1) The *Primary Charges* as set out below apply in respect of the water supply **we** provide to **you** and must be paid in accordance with the provisions set out in the *Wholesale Contract* and the *Wholesale Retail Code*.

5.2 Metered Charges

5.2.1 When will metered charges apply?

- (1) **Metered charges** apply to water made available to **you** for **you** to supply to **eligible premises** unless **we** determine it would be impractical or infeasible to install a meter, in which case **non-metered charges** will apply.
- (2) All new **eligible premises**, including newly constructed premises where premises have previously been substantially or entirely demolished regardless of whether an existing supply pipe is reused, will be subject to **metered charges**.
- (3) If **metered charges** apply to any **eligible premises**, **we** will charge **you** for all water passing through the meter. This includes water lost as a result of leakage from the **supply pipe** (internal or external), waste or undue consumption of water, visible or non-visible.

5.2.2 Water used for fire fighting purposes

- (1) In accordance with Section 147 of the **1991 Act**, **we** will not charge a volumetric charge in respect of water used for fire fighting purposes or for the purpose of training persons for fire fighting.
- (2) Where a water supply is solely for the purposes of fire fighting, no standing charges are payable. In all other cases, standing charges will be payable at the rate appropriate for the meter size as set out in the **wholesale charges schedule**.

5.2.3 Overview of our metered charges

- (1) **Our metered charges** consist of three different tariffs. If **metered charges** apply in respect of water made available to **you** for **you** to supply to **eligible premises**, **you** will be charged one of the following tariffs depending on the amount of water used by the **eligible premises** each year.
- (2) In our Central Region and Southeast Region we have three tariffs:
- a. **Standard tariff** – the **eligible premises** uses less than 3MI per annum.
 - b. **Mid user tariff** – the **eligible premises** uses between 3 MI and 50 MI per annum.
 - c. **Large user tariff** – the **eligible premises** uses over 50 MI per annum.
- (3) In our East Region we have six tariffs:

- a. **Standard tariff (0-3 MI)** – the **eligible premises** uses less than 3 MI per annum.
 - b. **Standard tariff (3-5 MI)** – the **eligible premises** uses between 3 MI and 5 MI per annum.
 - c. **Mid User (5-25 MI)** – the **eligible premises** uses between 5 and 25 MI per annum.
 - d. **Mid User (25-50 MI)** – the **eligible premises** uses between 25 and 50 MI per annum.
 - e. **Large User (50-100 MI)** – the **eligible premises** uses between 50 and 100 MI per annum.
 - f. **Large User (Over 100 MI)** – the **eligible premises** uses more than 100 MI per annum.
- (4) **Eligible premises** will be placed on the standard tariff unless you apply to us for **eligible premises** to be placed on the mid user tariff or large user tariff using *Process H5 under the Wholesale Retail Code*. If we believe that an **eligible premises** no longer qualifies for the mid user tariff or large user tariff we will instigate *Process H4 under the Wholesale Retail Code*.
- (5) **Metered charges** comprise an annual standing charge and a volumetric charge as explained below:
- Standing charge** – The standing charge reflects the fixed costs in the provision and maintenance of **our** water supply system. The period covered by the standing charge may mean that some of the charge is paid in arrears and some in advance. The standing charge will vary according to the size of meter.
- Fixed charge** – *This is an additional charge applicable to mid users and large users as indicated in the **wholesale charges schedule** that reflects the higher fixed costs in supplying these premises.*
- Volumetric charge** – The volumetric charge is calculated by multiplying the volume of water supplied determined from the meter reading by the relevant rate per cubic metre.
- (6) Where there is more than one metered supply to an **eligible premises** we will base determination of which tariff applies (standard, mid user, large user) on the total volume of water supplied to the **eligible premises** through all the supply points (the **aggregated volume**). The determined tariff will apply to all the supply points. The tariff for the largest supply point will comprise a standing charge, a fixed charge (if applicable based on the **aggregated volume**) and a volumetric charge. The tariff for the other supply points will comprise a standing charge and volumetric charge.

5.3 Non-metered Charges

5.3.1 Overview of our non-metered charges

- (1) If **metered charges** do not apply, one of the following **non-metered charges** will apply in respect of water supplied to **eligible premises**:
- a. a **rateable value charge**
 - b. an **assessed charge**

(2) A *Water Retailer* may request a review of charges under process H3.

5.3.2 Rateable value charge

(1) The **rateable value charge** comprises:

- a. an annual standing charge determined in accordance with the **wholesale charges schedule** payable on a daily basis on all properties, and;
- b. for **eligible premises** with a rateable value of greater than £50, a charge calculated by multiplying the rateable value of the **eligible premises** by a rate in the £ based on the location of the **eligible premises** as specified in the **wholesale charges schedule**.

(2) The rateable value of the **eligible premises** will be the value shown in the **rating valuation list** at 31 March 1990 or a **notional rateable value** assigned by **us**.

(3) **We** may apply a **notional rateable value charge** in respect of any **eligible premises** where:

- a. they did not have a rateable value at 31 March 1990, (including but not limited to places of worship);
- b. they are created from the sub division of **eligible premises** having a rateable value at 31 March 1990;
- c. they are created from the merger of two or more **eligible premises** with individual rateable values. In the absence of clear evidence to the contrary the **notional rateable value** will be taken as the sum of the individual rateable values of the properties that have been merged;
- d. they have a rateable value of less than £50, which is not representative of other similar properties in the **rating valuation list**;
- e. building works have increased the property size and floor space by greater than 50% of the previous floor size.

(4) **We** will determine the applicable **notional rateable value** by having regard to the rateable values of similar premises in the **rating valuation list** at 31 March 1990 and any representations to **us**.

(5) Where the **eligible premises** do not have a water supply, but water is made available from communal facilities by virtue of occupation of the **eligible premises**, **you** will be liable to pay the **rateable value charge** in respect of the **eligible premises**.

5.3.3 Assessed charge

(1) The **assessed charge** comprises an annual standing charge and an employee based volumetric charge.

(2) For **eligible premises** in **our** Central Region or East Region, the employee based volumetric charge is calculated by multiplying the following:

- a. The number of people working and/or residing at the **eligible premises**;

b. The assessed annual consumption per person for the relevant band, shown in the table below:

SIC Code Band	Band 1	Band 2	Band 3	Band 4	Band 5
Assessed annual consumption (cubic metres) per person	15	50	100	200	By inspection

c. The rate per cubic metre shown in the **wholesale charges schedule**.

(3) For **eligible premises** in the Southeast Region, the employee based volumetric charge is calculated by multiplying the following:

- a. The number of people working or residing at the **eligible premises**;
- b. The assessed annual consumption per person shown in the table below:

Number of People at the Premises	Assessed Annual Consumption (cubic metres)
Full time employees, no canteen facilities	6
Full time employees with canteen facilities	10
Residential occupation	35
For part time employees	50% of the above allowances apply

c. The rate per cubic metre shown in the **wholesale charges schedule**.

(4) For **eligible premises** in the Central Region where an **assessed charge** was applied at 31 March 2000 (and has continued to apply), the employee based volumetric charge will be calculated by multiplying 1) the number of people working or residing at the **eligible premises** (subject to a minimum of two) by 2) 15 cubic metres by 3) the rate per cubic metre shown in the **wholesale charges schedule**.

(5) Where consumption at the **eligible premises** is not realistically reflected by the number of employees, for example, in a public house, **we** will assess a charge based on information made available to **us** about the usage at the **eligible premises**.

5.4 Special Agreements

- (1) **We** are required under paragraph 7 of the Wholesale Charging Rules to publish the *Wholesale Charges* that apply to **special agreements**. These are provided in the **wholesale charges schedule**.
- (2) **We** also set out in section 9 the description, and where applicable the standard, of non-potable supplies under **special agreements**.

- (3) The supply made pursuant to AFWN005 is an interruptible supply.

5.5 Allowances and volumetric adjustments

- (1) **You** can apply for a *Volumetric Adjustment* under process H1 in the following circumstances:
- water for fire fighting purposes (as described in section 5.2.2 above)
 - bursts or leaks caused by failure of **our** assets;
 - the outcome of meter accuracy investigations or following the replacement of a faulty meter; and
 - other circumstances at **our** discretion.
- (2) **We** will calculate a *Volumetric Adjustment* based on the difference between historic consumption under usual circumstances and consumption under the circumstances in paragraphs (1)(a)-(d) above.
- (3) **We** will adjust the volumetric charge element of **our metered charge** to reflect the *Volumetric Adjustment*.

5.6 Charges for Vacant Premises

- (1) There will be no charges for *Vacant Premises* except where the *Vacant Premises* are metered and water passes through the meter.
- (2) Where water passes through the meter of a *Vacant Premises* the volumetric charge but not the standing charge will apply. The volumetric charge will be determined in accordance with sections 5.2.1 and 5.2.3 above.

5.7 Charges for Premises Temporarily Disconnected

- (1) There will be no charges for any period during which **eligible premises** are *Temporarily Disconnected* except where the premises that are *Temporarily Disconnected* are metered and water passes through the meter.
- (2) Where water passes through the meter of *Temporarily Disconnected eligible premises* the volumetric charge but not the standing charge will apply. The volumetric charge will be determined in accordance with sections 5.2.1 and 5.2.3 above.

6 Non-Primary Wholesale Charges

6.1 Overview

- (1) The *Non-Primary Charges* set out in the **wholesale charges schedule** and explained below apply in respect of chargeable services **we** provide to **you**.
- (2) Where *Water Services* are provided for in accordance with defined processes set out in Part 3 (Operational Terms) of the *Wholesale Retail Code* the charges are identified by reference to **process number**.
- (3) **We** have also included some charges in respect of some services which do not have a process set out in Part 3 (Operational Terms) of the *Wholesale Retail Code*. These are included by reference to a description of the relevant **activity** with further explanation within the text of this section as necessary.
- (4) Where possible **we** have set out standard charges for particular services and the basis of these is explained in section 6.2. Where it is not possible to provide a standard charge, **we** have explained the basis on which a non-standard charge will be calculated in section 6.3.
- (5) Where **we** initiate an **activity** under the *Wholesale Retail Code* and have followed the processes in the *Wholesale Retail Code* in full and **we** are unable to complete the **activity** because of **your** acts or omissions or the acts or omissions of **your** customers **we** will charge an **abortive visit charge**.

6.2 Basis for charging standard charges

- (1) Standard charges are set out in the **wholesale charges schedule** against the **activity** to which they relate.
- (2) **We** expect that in the majority of cases **we** will be able to apply a standard charge and will endeavour to do so wherever possible but in the following circumstances **we** reserve the right to move to a non-standard charge:
 - a. access is significantly hindered;
 - b. there is a requirement for reconfiguration of pipework and associated excavation;
 - c. there are unforeseen and significant obstructions, restrictions or suspected ground contamination or any other limitations; or
 - d. there is a requirement for traffic management, street works or any other requirements relating to access.
- (3) If **we** are proceeding with work on the basis of a standard charge and **we** encounter any of the circumstances referred to in paragraph (2) which mean that **we** are unable to complete the work on the basis of the standard charge, **we** will immediately stop the work and inform **you**. **We** will then look to proceed on the basis of a non-standard charge as set out in section 6.3.

6.3 Methodology for calculating non-standard charges

- (1) **Our** non-standard charges will apply to activities as indicated in the **wholesale charges schedule** and in the circumstances set out at paragraph (2) of section 6.2 above.
- (2) Where a non-standard charge applies **we** will provide **you** with a quotation in advance. **We** will not start work until **you** have accepted that quotation.
- (3) **We** will base **our** quotation on the standard charge for the **activity we** determine is closest to the one which **you** have requested plus any additional anticipated cost.
- (4) **Our** additional anticipated costs may include any or all of the following:
 - a. direct costs of all hours including travel time and **standing time**:

Class of Employee	Hourly Rate (£) Exc VAT
Senior Manager	108
Line Manager	81
Technician	54
Overtime will be applied at 50% above the hourly rate if outside of working hours	

- b. administration costs or other management costs incurred for a specific **activity**;
- c. cost of subcontractor(s) including **standing time**;
- d. cost of materials required including wastage or excess materials;
- e. Ad-hoc cost of hiring external plant, equipment, materials, labour etc. incurred as a consequence of:
 - a) an emergency;
 - b) the *Water Retailer* requiring resources (including labour) at short notice where the cost is higher due to time restrictions;
 - c) rectifying obstructions (whether known or unknown to **us**) that restrict or prevent **us** from carrying out the **activity**.
- f. cost of obtaining any licences, permits, consent, temporary signage, traffic management, shoring and any specific costs associated with carrying out the **activity**;
- g. enforcement fees (if applicable);
- h. legal and consultancy fees;
- i. management fees;
- j. costs associated with surveying, designing, reviewing, drafting, verifying, printing and copying required for the **activity**;

- k. costs associated with carrying out pipework modifications or excavation;
- l. costs associated with the transport and/or delivery of resources, plant, material and/or equipment;
- m. direct and indirect costs associated with any disruption caused to **our** network.

6.4 Contribution Offers

- (1) Where the installation of a meter has been deemed to be impractical **we** will make a *Contribution Offer* under process H2 on the basis set out in the **wholesale charges schedule**.

6.5 Meter readings used by other Service Providers

- (1) Pursuant to Section 205 of the **1991 Act** and section 4.8 of the *Business Terms*:
- a. In circumstances where **we** obtain a meter reading, which is disclosed to and/or by the *Market Operator*, relating to metered **eligible premises** supplied by different *Service Providers*, **we** are entitled to charge the **relevant party** a reasonable proportion of the expenses of obtaining the reading and the reasonable expenses of disclosing the meter reading.
 - b. Unless **we** waive the right to charge the **relevant party** the expenses, the charges as set out in the **wholesale charges schedule** will apply irrespective of whether the meter reading has been issued by the *Market Operator* prior to an invoice being issued.

6.6 Damage to our network or meters

- (1) If an act or omission of **you**, **your** agent, contractor or subcontractor damages **our** network or a meter, **we** will look to recover from **you** the total cost of the actual work involved in repairing or replacing the damaged network or damaged meter on the basis of the charges set out in this **wholesale tariff document** subject to the limits on **your** liability provided for in sections 14.1 and 14.2 of the *Business Terms*.

6.7 Data Logging Devices

- (1) **Our** list of meters which is available on **our** [website](#) includes details of meters compatible with the fitting of data logging devices or *Retailer Equipment*.
- (2) **We** have also published on **our** [website](#) the Terms and Conditions upon which **we** will allow *Retailer Equipment* to be installed on **our** meters and **our** policy on how **we** treat *Retailer Equipment*.

- (3) **We** will not charge **you** for installing *Retailer Equipment* on **our** meters unless **we** have carried out any part of the work associated with installing the meter logger for example, the installation of a splitter cable which is required for the purposes of enabling the logger to be installed on **our** meter. In these circumstances **we** will charge **you** the reasonable expenses incurred in carrying out the work as set out in the **wholesale charges schedule**.

6.8 Meter usage data

- (1) **Our** charges in respect of provision of usage data in accordance with section 4.7 of the *Business Terms* are as set out in the **wholesale charges schedule**.

6.9 Provision of mapping information

- (1) **You** can request mapping information showing where **our** water mains are located. **Our** provision of mapping information may be subject to licensing requirements which may restrict the information that **we** are able to provide **you** with. Where **we** do provide information **we** will charge **you** in accordance with the **wholesale charges schedule**.

Activity	Charge (£) Excl. VAT
Registration to our on-line NRSWA portal (if you have an OS licence)	37
Provision of a map	37

Guidelines regarding provision of mapping information can be found on our [website](#).

6.10 Industry-wide incentive schemes

- (1) At the time of publishing, the industry (through the work of the Retailer Wholesaler Group) was considering changes to the *Wholesale Retail Code* which would introduce a standardised Gap Site Incentive Scheme and Vacancy Incentive Scheme. Should these change proposals be implemented by the *Authority*, **we** will make an announcement as to **our** participation in them via the Retailers section of **our** website. <https://www.affinitywater.co.uk/retailers>.

7 Schedule of Primary Charges (Wholesale)

Non-Household: Central Region

Metered Charges

Excl. VAT
2020-21

Non-Household Standing Charge 12-15mm Meter (£/year)	15.24
Non-Household Standing Charge 19-21mm Meter (£/year)	24.72
Non-Household Standing Charge 25mm Meter (£/year)	26.52
Non-Household Standing Charge 30mm Meter (£/year)	29.52
Non-Household Standing Charge 38-40mm Meter (£/year)	31.20
Non-Household Standing Charge 50mm Meter (£/year)	38.04
Non-Household Standing Charge 65mm Meter (£/year)	68.28
Non-Household Standing Charge 75-80mm Meter (£/year)	97.92
Non-Household Standing Charge 100mm Meter (£/year)	97.92
Non-Household Standing Charge 150mm Meter (£/year)	97.92
Non-Household Standing Charge 200mm Meter (£/year)	97.92
Non-Household Standing Charge Metered Field Supply (£/year)	15.24
Non-Household Large User Fixed Charge (£/year)	14370.00
Non-Household Standard (0-3MI) Volumetric Charge (£/m ³)	0.9010
Non-Household Mid User (3-50MI) Volumetric Charge (£/m ³)	0.8396
Non-Household Large User (Over 50MI) Volumetric Charge (£/m ³)	0.5522

Non-Metered Charges

Excl. VAT
2020-21

Non-Household Non-Metered RV Standing Charge (£/year)	27.00
Non-Household Rateable Value Charge (£ per £ RV) - Colne Area	0.4924
Non-Household Rateable Value Charge (£ per £ RV) - Lee Area	0.6152
Non-Household Rateable Value Charge (£ per £ RV) - Rickmansworth Area	0.4791
Non-Household Rateable Value Charge (£ per £ RV) - North Surrey Area	0.5070

Assessed Charges

Excl. VAT
2020-21

Non-Household Standing Charge 12-15mm Meter (£/year)	15.24
Non-Household Standing Charge 19-21mm Meter (£/year)	24.72
Non-Household Standing Charge 25mm Meter (£/year)	26.52
Non-Household Standing Charge 30mm Meter (£/year)	29.52
Non-Household Standing Charge 38-40mm Meter (£/year)	31.20
Non-Household Standing Charge 50mm Meter (£/year)	38.04
Non-Household Employee Based Volumetric Charge (£/m ³)	0.9010

Non-Household: East Region

Metered Charges

Excl. VAT

2020-21

Non-Household Standing Charge 12-15mm Meter (£/year)	15.24
Non-Household Standing Charge 20mm Meter (£/year)	24.72
Non-Household Standing Charge 25mm Meter (£/year)	26.52
Non-Household Standing Charge 40mm Meter (£/year)	31.20
Non-Household Standing Charge 50mm Meter (£/year)	38.04
Non-Household Standing Charge 80mm Meter (£/year)	97.92
Non-Household Standing Charge 100mm Meter (£/year)	97.92
Non-Household Standing Charge 150mm Meter (£/year)	97.92
Non-Household Large User Fixed Charge (Over 100MI) (£/year)	27759.96
Non-Household Large User Fixed Charge (50-100MI) (£/year)	15150.00
Non-Household Mid User Fixed Charge (25-50MI) (£/year)	7820.04

Non-Household Standard (0-3MI) Volumetric Charge (£/m ³)	1.5283
Non-Household Standard (3-5MI) Volumetric Charge (£/m ³)	1.5283
Non-Household Mid User (5-25MI) Volumetric Charge (£/m ³)	1.3602
Non-Household Mid User (25-50MI) Volumetric Charge (£/m ³)	1.0474
Non-Household Large User (50-100MI) Volumetric Charge (£/m ³)	0.9008
Non-Household Large User (Over 100MI) Volumetric Charge (£/m ³)	0.7747

Non-Metered Charges

8 Schedule of Non-Primary Charges (Wholesale)

8.1 Understanding our schedule of non-primary charges

- (1) **Our** schedule of non-primary charges is set out by **activity** type. All charges are per **activity** unless otherwise stated. **We** have included reference numbers for each **activity**.
- (2) Each section sets out tables of charges and explains how these charges will be applied.
- (3) If **you** ask for an **activity** to be carried out outside of **our working hours** **you** will be charged an **out of hours surcharge** in addition to the usual charge.
- (4) If **you** cancel an **activity** with less than 24 hours' notice or the **activity** is aborted due to the acts or omissions of either **you** or **your** customer the applicable **abortive visit charge** will apply. If the cancellation or abortive visit relates to an **activity** for which an **out of hours surcharge** applies then the relevant **abortive visit charge** will be multiplied by a factor of two.

8.2 Metering

- (1) **We** will carry out metering **activity** in accordance with **our** [policy](#) in respect of metering.
- (2) **We** will always need to make an initial visit in order to carry out a site survey before undertaking any metering **activity** in order to establish the work that will be involved. As such, a one-hour site survey charge will apply in all instances in which **we** carry out a metering **activity** (internal reference 7.01) in addition to the cost for the metering **activity**.
- (3) Wherever possible, **we** will carry out the site survey and the metering **activity** itself during **our** initial visit and where **we** are able to do this then **we** will waive the site survey charge.
- (4) If **you**, **your** non-household customer, or **your** customer's representative has logging equipment fitted then **you** may need to disconnect this equipment prior to **us** carrying out **our** works. Please visit **our** [website](#) for **our** Terms and Conditions upon which **we** will allow *Retailer Equipment* to be installed on **our** meters and **our** policy on how **we** treat *Retailer Equipment*.
- (5) If a metering **activity** requires **us** to work at height or in a confined space **we** will make an additional charge as follows:

Internal Ref	Activity	Charge (£) Excl. VAT
1.01	Working at height (charged in addition to the meter install prices below)	148
1.02	Working in a confined space (charged in addition to the meter install prices below)	433

8.2.1 Meter Installation

- (1) You can request to have a meter installed at **eligible premises** where there isn't one currently.
- (2) Our charges for meter installations are set out below:

Process Number	Internal Ref (Meter Menu Ref)	Activity	Charge (£) Excl. VAT	Out of Hours Surcharge (£) Excl. VAT	Abortive Visit Charge (£) Excl. VAT
B1	Installation of a meter performed by the Wholesaler (total cost including cost of meter):				
	2.01 (60.20.503)	AQUADIS+ 15mm MANIFOLD FITTED WITH EVERBLU – screw into existing manifold or internally	101	47	132
	2.02 (60.20.205)	AQUADIS+ 15mm INLINE FITTED WITH EVERBLU - fitted into existing boundary box or internally	103	47	132
	2.03 (60.20.503)	AQUADIS+ 15mm MANIFOLD FITTED WITH EVERBLU – external install including pit	667	235	264
	2.04 (60.20.205)	AQUADIS+ 15mm INLINE FITTED WITH EVERBLU – external install including boundary box	667	235	264
	2.05 (60.20.220)	AQUADIS+ 20mm INLINE FITTED WITH EVERBLU - fitted into existing boundary box or internally	129	47	132
	2.06 (60.20.220)	AQUADIS+ 20mm INLINE FITTED WITH EVERBLU - external install including boundary box	669	235	264
	2.07 (60.20.225)	AQUADIS+ 25mm INLINE FITTED WITH EVERBLU - fitted into existing boundary box or internally	212	58	132
	2.08 (60.20.225)	AQUADIS+ 25mm INLINE FITTED WITH EVERBLU - external install including boundary box	912	235	264
	2.09 (60.20.240)	AQUADIS+ 40mm INLINE FITTED WITH EVERBLU – external install including pit	970	235	264
	2.10 (60.10.010)	WOLTEX 50mm FITTED WITH EVERBLU – external install including pit	975	266	264

	2.11 (60.10.020)	WOLTEX 80mm FITTED WITH EVERBLU – external install including pit	998	297	264
	2.12 (60.10.030)	WOLTEX 100mm FITTED WITH EVERBLU – external install including pit	1,453	304	264
	2.13 (60.10.040)	WOLTEX 150mm FITTED WITH EVERBLU - external install including pit	1,721	329	264

Example for a B1 meter installation request during working hours: 1 hr survey (7.01) £132 + 15mm inline meter (2.02) £103 = £235 (excluding VAT)

- (3) Where the installation of a meter has been deemed to be impractical **we** will make a **Contribution Offer** under process H2. **We** will determine when these contributions are applicable and **we** expect **you** to pass the savings on to **your** customers. Further details are provided in the below table but please contact **our** WOSD team if **you** would like to discuss further.

Process Number	Internal Ref	Activity	Offer (£) Excl. VAT
H2	4.01	Contribution Offer in relation to meter installs previously deemed to be impractical. 15mm - 25mm	55
	4.02	Contribution Offer in relation to meter installs previously deemed to be impractical. 40mm – 150mm	110

8.2.2 Meter Accuracy Testing

- (1) **You** can request an accuracy test of **your** non-household customer's installed meter. In order to test the meter **we** will need to remove the meter and send it for analysis. **We** will install a replacement meter whilst **we** establish the accuracy of the original meter.
- (2) **Our** charges will depend on the outcome of the meter accuracy test and whether or not the meter is found to reading accurately and when **you** have requested the exchange to be carried out:
- if the meter accuracy test exchange is carried out during **working hours** and the meter is shown to be faulty then there will be no charge.
 - if the meter accuracy test exchange is carried out at **your** request outside of **working hours** and the meter is shown to be faulty then **you** will only be charged the **out of hours surcharge**.
 - if the meter is shown to be accurate then charges will apply as set out in the table below:

Process Number	Internal Ref	Activity	Charge (£) Excl. VAT	Out of Hours Surcharge (£) Excl. VAT	Abortive Visit Charge (£) Excl. VAT
B3	Meter accuracy test performed by the Wholesaler. Charges apply according to the size of meter:				
	2.14	15mm Class C/D R315 R400 - Manifold and Inline	502	47	132
	2.15	20mm	568	47	132
	2.16	25mm	647	70	132
	2.17	30 – 40mm	874	140	132
	2.18	50 – 80mm	1,201	140	132
	2.19	100 – 150mm	1,495	210	132
	2.20	4-100mm EM Meters	1,588	210	132
	2.21	Additional Engineer Report other than the Calibration Certificate	220	N/A	N/A

Example for a B3 meter accuracy test during working hours: 1 hr survey (7.01) £132 + 25mm meter (2.16) £647 = £779 (excluding VAT)

8.2.3 Meter Upgrades (No Relocation)

- (1) The charges in the table below are applicable where **you** would like **us** to change the size or model of **your** non-household customer's meter and that **activity** can be carried out without any modifications to the existing boundary box or pit. They will also apply in some circumstances to replacement of faulty, damaged or missing meters (see section 8.2.5 below).

Process Number	Internal Ref (Meter Menu Ref)	Activity	Charge (£) Excl. VAT	Out of Hours Surcharge (£) Excl. VAT	Abortive Visit Charge (£) Excl. VAT
Water Retailer requested change to size, model or location of meter performed by the Wholesaler (other than a replacement following a fault) which can be wholly carried out within the existing boundary box or pit (includes the price of the new meter).					
B5/B7	2.22 (60.20.503)	AQUADIS+ 15mm MANIFOLD FITTED WITH EVERBLU - fitted into existing boundary box or internally	188	131	132
	2.23 (60.20.205)	AQUADIS+ 15mm INLINE FITTED WITH EVERBLU - fitted into existing boundary box or internally	190	131	132
	2.24 (60.20.220)	AQUADIS+ 20mm INLINE FITTED WITH EVERBLU - fitted into existing boundary box or internally	215	131	132
	2.25 (60.20.225)	AQUADIS+ 25mm INLINE FITTED WITH EVERBLU - fitted into existing boundary box or internally	334	140	132
	2.26 (60.20.240)	AQUADIS+ 40mm INLINE FITTED WITH EVERBLU - fitted into existing pit	527	140	264
	2.27 (60.10.010)	WOLTEX 50mm FITTED WITH EVERBLU - fitted into existing pit	598	140	264
	2.28 (60.10.020)	WOLTEX 80mm FITTED WITH EVERBLU - fitted into existing pit	902	155	264
	2.29 (60.10.030)	WOLTEX 100mm FITTED WITH EVERBLU - fitted into existing pit	1,155	182	264
	2.30 (60.10.040)	WOLTEX 150mm FITTED WITH EVERBLU - fitted into existing pit	1,423	198	264

Example for a B7 meter upgrade into an existing pit/manifold completed out of hours: 1 hr survey (7.01) £132 + 15mm meter (2.22) £188 + out of hours surcharge £131 = £451 (excluding VAT)

8.2.4 Meter Upgrades and Relocations / Modifications

- (1) The charges in the table below apply where **you** would like **us** to change the size or model of **your** non-household customer's meter and that **activity** can only be carried out by making modifications to the existing boundary box or pit. They also apply where **you** request relocation of **your** non-household customer's meter.

(2) These charges will also apply in some circumstances to replacement of faulty, damaged or missing meters (see section 8.2.5 below).

Process Number	Internal Ref	Activity	Charge (£) Excl. VAT	Out of Hours Surcharge (£) Excl. VAT	Abortive Visit Charge (£) Excl. VAT
Water Retailer requested change to size, model or location of meter performed by the Wholesaler (other than a replacement following a fault) which requires the relocation or modification of the boundary box or pit (includes the price of the new meter).					
B7	2.31 (60.20.503)	AQUADIS+ 15mm MANIFOLD FITTED WITH EVERBLU - relocate or modify boundary box	667	245	264
	2.32 (60.20.205)	AQUADIS+ 15mm INLINE FITTED WITH EVERBLU - relocate or modify boundary box	667	245	264
	2.33 (60.20.220)	AQUADIS+ 20mm INLINE FITTED WITH EVERBLU - relocate or modify boundary box	669	245	264
	2.34 (60.20.225)	AQUADIS+ 25mm INLINE FITTED WITH EVERBLU - relocate or modify boundary box	912	245	264
	2.35 (60.20.240)	AQUADIS+ 40mm INLINE FITTED WITH EVERBLU - relocate or modify pit	970	263	264
	2.36 (60.10.010)	WOLTEX 50mm FITTED WITH EVERBLU - relocate or modify pit	975	278	264
	2.37 (60.10.020)	WOLTEX 80mm FITTED WITH EVERBLU - relocate or modify pit	998	289	264
	2.38 (60.10.030)	WOLTEX 100mm FITTED WITH EVERBLU - relocate or modify pit	1,453	304	264
	2.39 (60.10.040)	WOLTEX 150mm FITTED WITH EVERBLU - relocate or modify pit	1,721	329	264

Example for a B7 meter relocation carried out during working hours 2 hr survey (7.02) £186 + 20mm meter (2.33) £669 = £855 (excluding VAT)

8.2.5 Faulty, Damaged or Missing Meters

- (1) **You** can ask **us** to investigate a faulty, damaged or missing meter at **your** non-household customer's premises. **We** will arrange a site survey to determine whether or not the meter is faulty and to determine whether the fault was caused by **you** or **your** customer.
- (2) **Our** charges will depend on the outcome of **our** investigation, when **you** have requested the investigation to be carried out and whether any problem with the meter has been caused by **your** customer:

- a. if **our** investigation finds that the meter is present and working correctly then **you** will be charged the relevant one-hour site survey charge (internal reference 7.01) only.
- b. If **our** investigation finds that the meter is faulty, damaged or missing and there is no evidence that **you** or **your** customer caused this and the investigation was carried out during **working hours** there will be no charge.
- c. If **our** investigation finds that the meter is faulty, damaged or missing and there is no evidence that **you** or **your** customer caused this and **you** requested **our** investigation be carried out outside of **our working hours** then **you** will be charged only the **out of hours surcharge** element of the one-hour site survey charge (internal reference 7.01).
- d. If **our** investigation finds that the meter is faulty, damaged or missing and there is evidence that this was due to the acts or omissions of **you** or **your** customer **you** will be charged as if **you** had requested a meter in accordance with sections 8.2.3 and 8.2.4 above.

8.3 Confirmation and Verification of Supply Arrangements

- (1) **We** can verify meter asset details including location and meter supply arrangements upon request from **you** or **your** non-household customer.
- (2) A desktop analysis and/or a site visit can be carried out by **us** to investigate whether the data relating to location and meter supply arrangements **we** have supplied to the market is accurately registered, charges for these activities can be found in the table below.
- (3) If **we** conclude from **our** investigations that the data was inaccurately registered, then no charge will apply unless **you** have requested that **we** carry out the **activity** outside of **our working hours**. In that scenario **you** will only be charged the relevant **out of hours surcharge** for the **activity**.

Process Number	Internal Ref	Activity	Charge (£) Excl. VAT	Out of Hours Surcharge (£) Excl. VAT	Abortive Visit Charge (£) Excl. VAT
C1	3.01	Desk-top verification of meter details or meter supply arrangements	45	N/A	N/A
	3.02	Simple verification* on the basis of a site visit during working hours .	132	117	132
	3.03	Complex verification* on the basis of a site visit during working hours .	244	218	132

Example for a C1 simple verification: 1 hr survey completed out of hours (3.02) £132 + out of hours surcharge £117 = £249 (excluding VAT)

***We** will advise **you** when **you** contact **us** whether an on-site verification is simple or complex based on whether **we** anticipate it will take not more than one man-hour on site (simple) or more than one hour on site (complex).

8.4 Disconnections and Reconnections

- (1) **We** offer temporary and permanent disconnections of service pipes as well as reconnection of temporary disconnections. There are standard and non-standard services for both a disconnection and a reconnection.
- (2) **We** will always need to make an initial visit in order to carry out a site survey before undertaking any work to understand the complexity of the work **you** are asking **us** to undertake. As such, a one-hour site survey charge will apply in all instances in which **we** carry out a disconnection or reconnection (internal reference 7.01) in addition to the cost for the disconnection or reconnection **activity**. If **we** determine that the work requested is of a non-standard nature **we** will provide **you** with a quotation.
- (3) Wherever possible, **we** will carry out the site survey and any disconnection during **our** initial visit and where **we** are able to do this then **we** will waive the site survey charge. This will not be possible for **us** to do in all cases.
- (4) Please note that it is not legally permissible to carry out disconnections for certain classes of non-household customers who provide services to customers who may be regarded as vulnerable or sites that lead to a health and safety risk.
- (5) Sometimes it may not be possible to disconnect **your** customer as two or more premises may be connected via a single service pipe. If this is the case, **we** will establish and advise what non-standard options may be available to **you**.
- (6) If **we** cannot disconnect **your** customer due to a faulty asset on **our** water network, then **we** will fix the problem as soon as reasonably practicable and carry out the disconnection at a later date.
- (7) The charges in the below table do not cover reconnection of permanent disconnections, or large-scale disconnections carried out during development of a site. Should **your** non-household customer require these, they or their provider should apply to **us** direct through our Developer Services team.

Process Number	Internal Ref	Activity	Charge (£) Excl. VAT	Out of Hours Surcharge (£) Excl. VAT	Abortive Visit Charge (£) Excl. VAT
I1 / I3 / I4 / I5		Disconnections and reconnections of a service pipe:			
		Disconnection requested by the <i>Water Retailer</i> and performed by the <i>Wholesaler</i> in relation to <i>Non-Household Customer</i> non-payment			
		Disconnection performed by the <i>Wholesaler</i> for illegal use			
		Disconnection performed by the <i>Wholesaler</i> for breach of water fittings regulations			
		Disconnection requested by the <i>Non-Household Customer</i> and performed by the <i>Wholesaler</i>			
		All disconnections require a site survey, which will be charged in <u>addition</u> to the rates below.			
	5.01	Temporary disconnection during working hours*	132	117	132
	5.02	Permanent disconnection during working hours*	308	177	132
I7	5.03	Gaining entry to an eligible premises for the purposes of Disconnection using the <i>Wholesaler's</i> powers of entry at the <i>Water Retailer's</i> request	Non-Standard	Non-Standard	Non-Standard
I1 / I5		Advanced Commitment Reduced Charge: Applies in relation to Processes I1 and I5. Where both the survey and disconnection can be carried out during the same visit the cost of the survey will not be charged. These savings reflect the reduced cost incurred by us .			
	5.04	Applicable survey charge.			
	5.05	Applicable survey charge.			
I8 / I10 / I11		Reconnections: Reconnection requested by the <i>Water Retailer</i> and performed by the <i>Wholesaler</i> . Reconnection performed by the <i>Wholesaler</i> following rectification of a breach of water fittings regulations . Reconnection performed by the <i>Wholesaler</i> following a Disconnection requested by the <i>Non-Household Customer</i> .			
	5.06	Reconnection during working hours .	132	117	132
	5.07	Water quality assurance check* – flushing and water testing on reconnection (charged in addition to reconnection fee where required).	81 (per sample)	N/A	N/A

Example for a permanent disconnection of a single supply: 1 hour survey (7.01) £132 + permanent disconnection (5.02) £308 = £440 (excluding VAT)

* **We** will advise **you** when **you** contact **us** whether a water quality assurance check is required. More than one may be required if the first test is unsatisfactory.

Please note, the taking of water samples is to meet **our** statutory obligations and therefore this **activity** is mandatory.

8.5 Ad hoc meter reading

- (1) **We** offer ad hoc meter reading of **your** non-household customer's meter. Please note that **we** only offer these services during **our working hours**.
- (2) Affinity Water Limited offers meter reading services to all retailers. This **activity** falls outside of the Wholesale Retail Code; please contact **us** for further information.

Internal Ref	Activity	Charge (£) Excl. VAT	Abortive Visit Charge (£) Excl. VAT
6.01	Ad hoc meter reading required by the <i>Water Retailer</i>	132	132

8.6 Survey charge / Site inspections

- (1) If a site survey is required in respect of any **activity** listed in this **wholesale charges schedule**, a survey charge, as set out in the table below, will apply in addition to the relevant charge for that **activity**.
- (2) **We** will advise **you** when **you** contact **us** as to the length of survey needed for **your** particular requirements.
- (3) The survey charges in the table are based on one technician, however, if **we** anticipate that due to **your** particular requirements more than one technician is required then **we** will charge **you** for each technician accordingly.

Internal Ref	Activity	Charge (£) Excl. VAT	Out of Hours Surcharge (£) Excl. VAT	Abortive Visit Charge (£) Excl. VAT
7.01	1 Hour survey by one technician during working hours	132	117	132
7.02	2 Hour survey by one technician during working hours	186	168	132
7.03	3 Hour survey by one technician during working hours	244	218	132
7.04	4 Hour survey by one technician during working hours	298	270	132
7.05	5 Hour survey by one technician during working hours	367	319	132
7.06	6 Hour survey by one technician during working hours	421	368	132
7.07	7 Hour survey by one technician during working hours	468	417	132
7.08	8 Hour survey by one technician during working hours	515	466	132
7.09	Bespoke survey anticipated to take longer than 8 hours	Non-Standard	Non-Standard	Non-Standard

Example; 2 hr survey by **two** technicians (7.02) £186 x 2 = £372 (excluding VAT). **If aborted** this would cost £132 x 2 = £264

8.7 Replacement of lead service pipes

(1) **We** will always need to make an initial visit in order to carry out a site survey before undertaking any replacement of a lead service pipe in order to establish the work that will be involved. As such, a survey charge will apply in all instances in which we carry out replacement of a lead service pipe in addition to the charge shown in the table below. **We** will advise **you** when **you** contact **us** as to the length of survey needed.

(2) Please note that **we** do not routinely offer these services outside of **working hours**.

Internal Ref	Activity	Charge (£) Excl. VAT	Abortive Visit Charge (£) Excl. VAT
8.01	No longer used.	N/A	N/A
8.02	Replacement of lead service pipes (all methods) (up to 3m)	812	264
8.03	Replacement of lead service pipes (open cut) (>3 up to 6m)	1,093	264
8.04	Replacement of lead service pipes (open cut) (>6 up to 10m)	1,446	264
8.05	Replacement of lead service pipes (open cut) (>10 up to 14m)	1,789	264
8.06	Replacement of lead service pipes (open cut) (>14 up to 20m)	2,123	264
8.07	Replacement of lead service pipes (open cut) (longer than 20m)	Non-Standard	Non-Standard

8.8 Provision and maintenance of fire hydrants

- (1) The charges within the following table relating to fire hydrant activities do not include the cost of a site survey, which will be charged in addition to the below. Charges relating to site surveys can be found within the relevant section of this document. **We** will advise **you** when **you** contact **us** as to the length of survey needed for **your** particular requirements.
- (2) It is a criminal offence under Section 174(3)(a)(c) of the Water Industry Act 1991 and Section 42(6)(a) of the Fire and Rescue Services Act 2004 to attach any apparatus to the Company's network without obtaining its consent, and/or to use fire fighting apparatus for purposes other than for fire fighting.
- (3) Therefore, the *Water Retailer* must obtain a hydrant licence before drawing water from Affinity Water's network. The Set up and Instruction Charge will apply for each licence but in the event that there is no requirement for an Affinity Water technician to inspect then only the Administration Charge will apply.
- (4) **We** do not routinely offer these services outside of **working hours**.

Internal Ref	Activity	Charge (£) Excl. VAT	Abortive Visit Charge (£) Excl. VAT
9.01	Set up and Instruction Charge based on 1hr of 1 office staff and 1.5hrs of 1 technician site work	171	45
9.02	Administration Charge	45	N/A

Internal Ref	Activity	Charge (£) Excl. VAT	Abortive Visit Charge (£) Excl. VAT
9.03	<p>Install new hydrant to existing main excluding post and plate</p> <p>Including: notifying consumers, shut down main, excavation, cut out section of main, insert tee and assemble associated fittings, fix hydrant, charge main, flush and sample, construct chamber and reinstate surrounding surfaces. All work is carried in compliance with NRSWA.</p>	955	264
9.04	<p>Install new hydrant to run off new main excluding post and plate</p> <p>Including: excavation, cut section of main, insert tee and assembly of associated fittings, fix hydrant, construct chamber and backfill surrounding area to base course level. Work is carried out, in conjunction with the laying of a new main on new un-adopted sites.</p>	955	264
9.05	<p>Re-site hydrant position from carriageway to footpath</p> <p>Including: excavation, cut section of main, insert associated fittings, remove and re-fix hydrant, construct chamber and backfill surrounding area to base course level, re-instate abandoned location of hydrant. All work is carried in compliance with NRSWA.</p>	1,596	264
9.06	<p>Install new hydrant in terminal wash out position on run off new main, excluding post and plating</p> <p>Including: excavation, assembling of associated fittings, fix hydrant, construct chamber and backfill surrounding area to base course level. Work is carried out, in conjunction with the laying of a new main on new un-adopted development sites.</p>	955	264
9.07	<p>Raise hydrant and replace with new</p> <p>Including: notifying consumers, shut down main, excavation, unbolting and remove hydrant, insert distance piece and fixing new hydrant, charge main, flush and sample, rebuild section of chamber and reinstate. All work is carried out in compliance with NRSWA.</p>	955	264

Internal Ref	Activity	Charge (£) Excl. VAT	Abortive Visit Charge (£) Excl. VAT
9.08	<p>Replace defective hydrant (hydrant only, excluding post and plating)</p> <p>Including: notifying consumers, shut down main, excavation, unbolting and remove old hydrant and replace with new hydrant, charge main, flush and sample, rebuild chamber and reinstate. All work is carried out in compliance with NRSWA.</p>	549	132
9.09	<p>Replace defective hydrant and fittings (old LCC type, excluding post and plating)</p> <p>Including: Excavation, remove old pipework, install taper and/or distance pieces, duck-foot and hydrant, rebuild chamber and reinstate surface area. All work is carried out in compliance with NRSWA.</p>	962	264
9.10	<p>Repack hydrant including ease spindle</p> <p>Including; unbolt and remove packing nut/gland, remove old packing and replace with new packing. This work may require excavating to gain access to seized nuts, partial rebuild of chamber and reinstate surface area. All work is carried out in compliance with NRSWA.</p>	520	132
9.11	<p>Rewasher hydrant</p> <p>Including: notifying consumers, excavating, unbolt and remove top half of hydrant, replace defected washer, refit hydrant, charge main, flush and sample, rebuild dismantled sections and reinstate surface area. This work may on occasions be carried out without the need to excavate. All work is carried out in compliance with NRSWA.</p>	509	132
9.12	<p>Reconstruct hydrant/pit chamber</p> <p>Including: the excavation and removal of broken or collapsed chamber, rebuild chamber with new sections, frame and cover, and reinstate surface area. All work is carried out in compliance with NRSWA.</p>	311	132

Internal Ref	Activity	Charge (£) Excl. VAT	Abortive Visit Charge (£) Excl. VAT
9.13	Replace with new hydrant frame and cover Including: breaking out surrounding surface, remove existing frame and cover, reset new frame & cover, reinstate surrounding surface area. All work is carried out in compliance with NRSWA.	351	132
9.14	Sign relation charges For relocation of signage such as Sluice Valve, washout etc..	320	132
9.15	Raise or lower existing hydrant frame and cover	503	132
9.16	Re-align existing hydrant frame and cover	305	132
9.17	Supply and fit hydrant post and plate	310	132
9.18	Abandon hydrant	904	264
9.19	Terminal hydrant maintenance (% of the appropriate hydrant maintenance charge)	50% of the relevant charge above	N/A

8.9 Provision and use of standpipes

- (1) Charges below relating to standpipe hire and/or purchase do not include delivery to **you**. Please note that **we** do not offer a delivery service. Items are available for collection from **our** depots within **working hours** only and are always subject to local depot opening hours, please check with **our** team for more information.
- (2) It is a criminal offence under Section 174(3)(a)(c) of the Water Industry Act 1991 and Section 42(6)(a) of the Fire and Rescue Services Act 2004 to attach any apparatus to the Company's network without obtaining its consent, and/or to use fire fighting apparatus for purposes other than for fire fighting. Therefore, **you** must obtain a hydrant licence before drawing water from Affinity Water's network. In the event that **you** or **your** customers are found to have taken

water without a licence in place **we** will look to recover all relevant charges on the basis of **our** reasonable estimate of the volume of water used.

- (3) The set up and instruction charge will apply for each licence but in the event that there is no requirement for an Affinity Water technician to inspect then only the administration charge will apply.

Internal Ref	Activity	Charge (£) Excl. VAT
13.01	19mm standpipe refundable deposit	171
13.02	63mm standpipe refundable deposit	357
13.03	19mm standpipe rent per week	34
13.05	63mm standpipe rent per week	41
13.07	19mm standpipe purchase (without valve key)	77
13.08	63mm standpipe purchase (without valve key)	264
13.09	Valve Key and bar only purchase	93
13.10	Set up and Instruction Charge based on 1hr of 1 office staff and 1hr of 1 technician site work (includes travel to/from site)	97
13.11	Administration Charge	29

8.10 Stop Taps

- (1) **You** can ask **us** to change the location of **your** non-household customer's existing outside stop tap.
- (2) In order for **us** to determine the complexity of the work **you** are asking **us** to undertake **we** will need to carry out a site survey.
- (3) Following the survey **we** will provide **you** with confirmation of the relevant charge for the relocation **activity** from those listed in the table below, however, if **we** determine that the complexity of the work requires **us** to treat it as non-standard **we** will provide **you** with a quotation on that basis.
- (4) The charges as set out in the table below do not include the cost of a site survey (which is to be charged in addition in all instances). Charges relating to site surveys can be found within the relevant section of this document.

Internal Ref	Activity	Charge (£) Excl. VAT	Out of Hours Surcharge (£) Excl. VAT	Abortive Visit Charge (£) Excl. VAT
10.01	Relocate (re-site) existing Stop Tap during working hours (supply pipe < 33mm diameter)	415	242	132

Example for a stop tap relocation (re-site): 1 hr survey (7.01) £132 + stop tap relocation (10.01) £415 = £547 (excluding VAT)

8.11 Pressure and Flow Check

- (1) **You** can also ask **us** to check the pressure and flow of **your** non-household customer's supply. This will involve **us** visiting **your** site to carry out **our** investigations and gather measurements. **We** will advise **you** when **you** contact **us** as to the length of survey needed for **your** particular requirements.
- (2) **Our** charges will depend on the outcome of **our** investigation and when **you** have requested the investigation to be carried out:
 - a. if **our** investigation is carried out during **our working hours** and concludes that the pressure and flow do not meet **our** obligations no charge will be made.
 - b. if **our** investigation is carried out outside of **our working hours** and concludes that the pressure and flow do not meet **our** obligations then only the **out of hours surcharge** element set out in the table below will be charged.
 - c. if **our** investigation concludes that the pressure and flow meets **our** obligations then charges will apply as set out in the table below. More information regarding **our** obligations can be found on **our** website: <https://www.affinitywater.co.uk/my-water/water-pressure>

Internal Ref	Activity	Charge (£) Excl. VAT	Out of Hours Surcharge (£) Excl. VAT	Abortive Visit Charge (£) Excl. VAT
11.01	1 Hour survey by one technician during working hours	132	117	132
11.02	2 Hour survey by one technician during working hours	186	168	132
11.03	3 Hour survey by one technician during working hours	244	218	132
11.04	4 Hour survey by one technician during working hours	298	270	132
11.05	5 Hour survey by one technician during working hours	367	319	132
11.06	6 Hour survey by one technician during working hours	421	368	132
11.07	7 Hour survey by one technician during working hours	468	417	132
11.08	8 Hour survey by one technician during working hours	515	466	132
11.09	Bespoke survey anticipated to take longer than 8 hours or requiring more than one technician.	Non-Standard	Non-Standard	Non-Standard

(Example for a 1 hr pressure and flow check out of hours (11.01) £132 + out of hours surcharge £117 = £249 excluding VAT)

- (3) The survey charges in the above table are based on one technician, however, if **we** anticipate that due to **your** particular requirements more than one technician is required then **we** will charge **you** for each technician accordingly.

8.12 Damage to apparatus

- (1) If an act or omission of **you** or **your** customer, **your/their** respective agents, contractors or subcontractors damages **our** network or a meter, **we** will look to recover from **you** the total cost of the actual work involved in repairing or replacing the damaged network or damaged meter on the basis of the charges set out in this **wholesale tariff document** subject to the limits on **your** liability provided for in sections 14.1 and 14.2 of the *Business Terms*.

Internal Ref	Activity	Charge (£) Excl. VAT	Out of Hours Surcharge (£) Excl. VAT	Abortive Visit Charge (£) Excl. VAT
12.01	Repair of damage to apparatus	Non-Standard	Non-Standard	Non-Standard

8.13 Meter readings used by other Service Providers

- (1) **You** can ask **us** to provide **you** with meter readings for **our** supply points so that **you** can calculate sewerage and other volume related charges. These will be provided to **you** in electronic format and are payable per supply point, per reading.

Internal Ref	Activity	Charge (£) Excl. VAT
14.01	Use of meter reading to calculate sewerage charges	2

8.14 Data Logging Devices

- (1) **We** will not charge **you** for installing *Retailer Equipment* on **our** meters unless **we** have carried out any part of the work to install the meter logger. We will charge for installation of a splitter cable which is required for the purposes of enabling the logger to be installed. We will also charge for installation of a temporary data logger and provision of data from this logger.
- (2) In these circumstances, **we** will charge **you** in accordance with the table below. Charges are based on one technician and are per visit per logger. If **we** anticipate that due to **your** particular requirements more than one technician is required then **we** will charge **you** for each technician accordingly.
- (3) Please visit **our** [website](#) for **our** Terms and Conditions upon which **we** will allow *Retailer Equipment* to be installed on **our** meters and **our** policy on how **we** treat *Retailer Equipment*.

Internal Ref	Activity	Charge (£) Excl. VAT	Abortive Visit Charge (£) Excl. VAT
15.01	One-off site visit and installation of splitter lead for a 3rd party data logger.	382	132
15.02	One-off site visit and installation of a temporary data logger, removal of temporary data logger and provision of data from the logger.	248	132

8.15 Meter Usage Data

- (1) Where **we** have installed loggers to Non-Household meters to enable **us** to understand night use as part of **our** leakage calculation for a zone, **we** can make this information available to **you**.

- (2) There is no obligation for **us** to maintain the provision of such data if, for any reason, the logger or data transmission facility malfunctions or **we** decide to remove the logger from service. If the latter, then the information on CMOS will be updated to reflect the change in equipment and the retailer will be notified.
- (3) The data can be provided in two ways:
- a. a monthly download by **our** technician.
 - b. an account to access the on-line data portal, which can include an advanced viewing and reporting package. As the logger owner, **we** can provide the necessary permissions to gain access and make the necessary arrangements.
- (4) **We** will need 10 business days' notice for either of the requests above.

Internal Ref	Activity	Charge (£) Excl. VAT
16.01	On-line portal registration fee to view data online (basic package) from one of our data loggers. Rate is per logger and includes the first year of data for that logger.	167
16.02	No longer used.	N/A
16.03	No longer used.	N/A
16.04	No longer used.	N/A
16.05	Advanced viewing and reporting package. Annual fee for online platform (in addition to 16.01).	65
16.06	On-line flow data provision per year per logger (once registered).	65
16.07	Provide historical data package from one of our loggers – price depends on data format requested.	Non-Standard

9 Quality of Water for Non-Potable Water Services

9.1 Special Agreements

Agreement	Description
AFWN002	Raw water
AFWN003	Raw Water
AFWN004	Partially treated water
AFWN005	Raw water
AFWN006	Raw water

Parameter	Concentration / level		
	Minimum	Maximum	Mean
Iron (mg/l)	<0.015	<0.015	<0.015
Sodium (mg/l)	4.57	7.58	5.66
Potassium (mg/l)	0.359	0.528	0.454
Chloride (mg/l)	<8	9	<8.1
Sulphate (mg/l)	<5	<5	<5
Nitrate (mg/l)	<2	<2	<2
Silica (mg/l)	<3	<3	<3
Specific Conductance (µS/cm)	24	42	37

9.2 Water supplied other than for domestic purposes including Building Water

Non-Potable Water Service	Description
Building Water	This will be treated water but may not be wholesome in accordance with regulations made pursuant to section 67 of the Water Industry Act 1991.
All water supplied other than for domestic purposes (as defined in section 218 of the Water Industry Act 1991)	This will be treated water but may not be wholesome in accordance with regulations made pursuant to section 67 of the Water Industry Act 1991.

Change History

Version Number	Date of Issue	Change	Sections Affected
